WHERE KNOWLEDGE AND CHARACTER MATTER

April 26, 2017

To Whom It May Concern,

It is my pleasure to recommend Coach Cabral Huff for any position he seeks. I am also glad to recommend Coach Huff for any honors or awards he may be in the running to receive.

As an Assistant Men's Basketball Coach for my program at Alcorn State University, Huff displayed an impeccable work ethic, diligence and dedication to his work and other commitments, which is often hard to find. Huff works hard to ensure anything with his association shines brightly. He is serious about winning, on and off of the basketball court, which makes for a successful man and coach.

I am pleased to know Coach Huff and I am proud of all of his accomplishments. Feel free to contact me if you would like me to further elaborate regarding the great character and attitude Cabral Huff possesses.

Sincerely,

Montez M. Robinson
